SUPPLEMENT TO REPORT NO. [REDACTED]

[REDACTED]

1. On 8 and 9 February 1951 a long train packed to capacity with troops was observed at the North Station in Tientsin.* Most of the troops were crammed into closed-in boxcars. Informant believes that the train was routed North. Two similar trains were observed en route to Tientsin from the Fengtai station (the Peiping-Hankow railroad junction). No armament was seen. The temporary field set-up at Fengtai and Tientsin stations indicated that others were expected to pass through.
2. Many troops arrived in Mukden from the Shanhakuan area recently.**

** [REDACTED] Comment. This appears to tie in with previous reports, and seems to be a movement of considerable size and not of routine replacements.
